Use your body's natural skin healing power to rejuvenate from the inside out!

What should I expect?

A gentle treatment: Organic & Vegan serum applied, MicroPen creates microchannels to remodel & rejuvenate skin.

- **Before:** Topical anesthetic applied for light numbing.
- **Post Treatment:** Skin may appear pink or slightly red, typically disappears after 12-24hrs.
- **Results:** Visible after 1 treatment improves over 3-6 monthly treatment

Results last up to 5 years!
